

LET US HELP YOU WITH YOUR SAFETY PROGRAM.

QUALITY SAFETY MANAGEMENT

A comprehensive safety management program designed to fit your needs.

You will no longer have to worry about expired certifications, new legislation, course scheduling or employee turnover. We'll help you work toward compliance with a comprehensive safety solution. For a fixed monthly charge you can put your safety management into our hands.

If your company does not currently have a safety professional on staff, or you desire additional safety expertise, call on our team of qualified consultants.

FOUR SIMPLE STEPS

- 1** One of our Safety Consultants will visit your site and perform a complete safety needs assessment.
- 2** We'll provide you with a complete overview of your assessment, a list of required and recommended safety needs, and a proposal designed to meet your safety goals.
- 3** Once your contract is confirmed we'll work with you to arrange your safety training and ongoing consultations.
- 4** We will keep track of all your employees' training and let you know when their certifications require renewal.

With Quality Safety Management, it's that simple.
